

# PILLARS OF EUROPE

## Testimonials

Let's start connecting  
from the beginning

From **07.02.2020** to **15.02.2020**,  
**MLADIINFO DOLNÝ KUBÍN** has sent a team  
consisting of 6 young people to Berlin, to  
attend the Youth Exchange **"PILLARS OF EUROPE"**

Together with other participants from  
Germany, Poland, Italy, North Macedonia  
and Greece, they worked on creating a narrative  
for the young generation of Europeans, who will  
attach them to **the idea of a common Europe** and  
its values and **prevent attitudes of confinement,  
isolation and mistrust.**

They decided to share this experience with  
**everyone** by writing some **TESTIMONIALS**  
that could inspire other peers of their  
generation towards a more  
inclusive attitude.

*"An amazing week  
full of emotions!"*

## ALEXANDRA ŠPÁNIKOVÁ

At first I was pretty scared,  
because it was my first  
youth exchange abroad  
and as a group leader.

But then everything  
happened, we've met all  
of the guys, started  
chatting, talking about  
our lives and telling  
stories, and then I realised that  
it's going to be a very good and fun week.

*„I would definitely  
say that you should go  
and enjoy the time  
with new people you met.“*

## VILIAM PODBREŽNÝ

For me this week in Berlin  
was one of the best  
weeks of my life,  
mostly because of  
people we met.

The thing that I enjoyed  
the most was probably  
the city game in Berlin.

Everybody was always  
happy, smiling every  
time and we really enjoyed it.

*"I would highly  
recommended it to  
every young person."*

## ELIŠKA KURTÍKOVÁ

This project was  
something totally new  
for me.

I was really afraid of  
what people will I meet,  
about the activities  
and communication.

But everything was more  
than perfect.

People were very kind,  
activities were manageable, and even if  
I didn't understand something, everyone was  
trying to explain and help.

*„Great experience!  
I want to go again  
in this kind of projects!..“*

## FILIP JOKEL

I liked this youth exchange  
because I think thing we  
had an interesting topic.

I got the chance to meet  
some of the best people  
on this planet!

I really liked the food  
and the dinners we had  
together, when I felt like I could  
connect with other people and forge  
new friendships.

*„Nowadays I want to  
go again. I'm so excited  
about new people,  
new cities or friends“*

## ANDREJ STIERANKA

I was really excited about  
this project, because it  
was my first one

It was really good,  
the energy, the feeling and  
the whole atmosphere

I wanted to do everything for 100% and  
I also wanted to meet new friends and just  
hang out with them.
